ARCHITECTURE OVERVIEW

AuthGuard Pro™ High-Level Architecture

TRUSTED BY INDUSTRY LEADERS

[CUSTOMER LOGOS WOULD APPEAR HERE]

DEPLOYMENT OPTIONS

- **Cloud-Hosted SaaS:** Zero maintenance, always up-to-date
- **Private Cloud:** Enhanced security and control
- **On-Premises:** Maximum data sovereignty and compliance
- **Hybrid:** Flexible deployment to meet complex requirements

INTEGRATION SIMPLICITY

```
// AuthGuard SDK integration - it's this simple!
import { AuthGuard } from '@authguard/sdk';

const authClient = new AuthGuard({
  apiKey: 'your-api-key',
  domain: 'your-domain.authguard.io'
});

// Ready to authenticate users!
const loginButton = document.getElementById('login');
loginButton.addEventListener('click', () => {
  authClient.showLoginPopup();
});
```
